

Run the whole game from one tablet.

Scores, clock, siren and sponsor promos for your club's LED screen, all run from any phone or tablet. Nothing to install.

Tap it. It's on the board.

Open the scoreboard on any phone, tablet or laptop and you're running the game. Big buttons, clear numbers, and the LED changes the moment you tap.

01 Reset all scores

A clean sheet before the first bounce.

02 Game clock

Counts down or up. Pick a preset or type any time.

03 Quarters

Step between quarters. Each one's score is kept.

04 Tap to score

Plus to score, minus to fix, or type the number.

Works on iPad, Android tablets and phones, and laptops. Save it to the home screen and it opens full screen.

The clock runs the game.

Set the quarter length and press Start.

01 Siren at 0:00

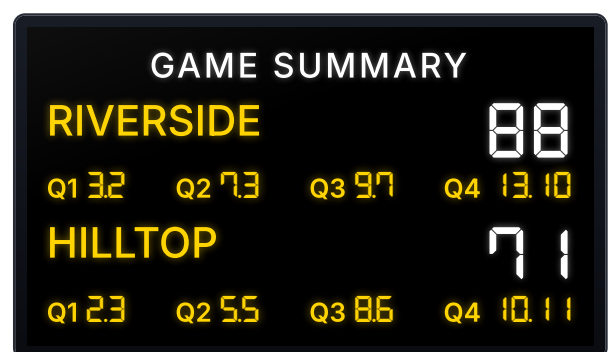

Sounds by itself, for 4 to 15 seconds.

02 Next quarter loads

Paused and reset. Late scores still count.

03 Summary plays

Every quarter's score, up on the LED.

End of game summary, played automatically

NINE SPORTS BUILT IN

Aussie Rules Soccer Netball Basketball Hockey
Rugby League Rugby Union Baseball Cricket

Every break is sponsor time.

Build a promo in minutes, line up a playlist and play it at every break. Sponsors get seen, the canteen gets busy, and the score can stay on screen.

Scores stay on top while the promo plays. Untick it to go full screen.

01

Promotion Maker

Drag text and logos onto a canvas. Build it once, play it all season.

02

Video and PowerPoint

Upload video and photos up to 2 GB. Decks play as slideshows.

03

Theatre Mode

Share a Mac or Windows laptop's screen to the LED from a browser.

04

Team logos

Each team's logo beside its score and on the summary.

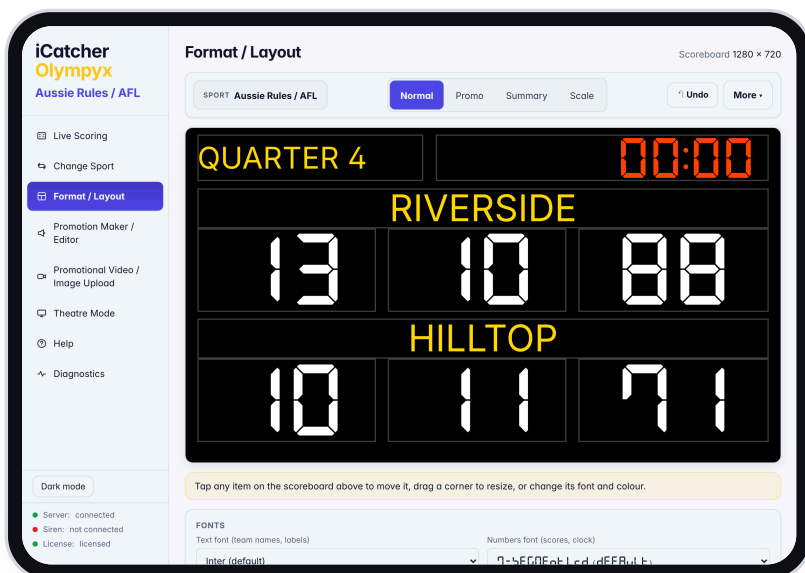

IDEAS FOR THE SCREEN

Sponsor of the day Canteen specials

Raffle draw Player milestones Next home game

Made to fit your screen.

Format and Layout shows exactly what the LED shows. Move anything, change fonts and colours, or let Auto-fit rebuild the layout for your panel.

Drag to place

Move or resize anything on a live preview of your LED.

Auto-fit

One tap rebuilds a sport's layout for your panel. Undo walks it back.

Brightness and Sun Mode

Dim it for night games, or go pure white in direct sun.

LOOKS AFTER ITSELF

Built for club volunteers. Switch it on and it is ready to go.

Switch on at the wall

Boots straight to the scoreboard. Nothing is lost in a power cut.

Its own Wi-Fi

Runs its own network, so you don't need internet at the ground.

Remote support

Join a phone hotspot and iCatcher can connect in to help.

Undo for deletes

Deleted promos and videos wait two months, ready to restore.

Health at a glance

Live status for the server, licence and siren.

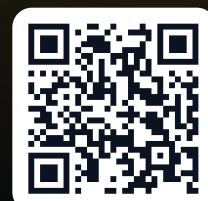

Help built in

Step-by-step help on the tablet, plus the Customer Guide.

GET A QUOTE

Ready for game day?

Talk to iCatcher about an Olympyx scoreboard sized for your ground. We build, install and support it, and finance is available.
